# Smoothing the Transition to Primary 1

When your child enters primary school, their experience will include:

New friends  
and teachers

New routines

New learning environment

# Smoothing the Transition to Primary 1

1. Transition is the process in which a child moves into a new environment

2. When moving from pre-school to primary, a child will have to adapt to unfamiliar setting and routines

When your child has transited well, he/she will:

- Feel safe and comfortable in the new environment
- Be able to manage daily challenges
- Be able reach out to teachers and/or peers for support when needed

# Holistic Development for Primary 1 Includes:

Prioritising the development of soft skills, including values, social-emotional competencies and self-help skills

Building strong foundations in literacy and numeracy

Focusing on building learning dispositions for Lifelong Learning, including curiosity, confidence and nurturing the joy of learning

Strengthening 21<sup>st</sup> Century Competencies and Digital Literacy in an age-appropriate manner

# Holistic Development for Primary 1 Includes:

Prioritising the development of soft skills, including **values, social-emotional competencies and self-help skills**

Building strong foundations in literacy and numeracy

Focusing on building learning dispositions for Lifelong Learning, including curiosity, confidence and nurturing the joy of learning

Strengthening 21<sup>st</sup> Century Competencies and Digital Literacy in an age-appropriate manner

# Useful Skills Required for a Smooth Transition

**Primary 1 is an exciting and fun stage for your child.**

**Help your child to enjoy the journey by developing these social-emotional skills.**

# Relating Well to Others

**Build your child's interpersonal skills by:**

**01**

**Modelling the use of friendly and polite phrases**

"Hi! My name is...What is your name?"

"Could you help me with..."

**02**

**Providing opportunities for your child to share and take turns during playtime with other children**

**03**

**Modelling respectful interactions**

"May I please..."

"It's okay if I can't join in..."

"I am sorry I ..."

Find out more activities  
from the **P1 Parent-  
Child Role Playing  
Activity Kit**

# Developing Good Habits

**Routines help your child build confidence and learn to manage things by themselves.**

# Nurturing Values and Positive Attitudes

Values guide our words and actions, and develop character strengths and dispositions. You can encourage your child to:

Reflect on how to **show care and concern**, and **respect** for their friends and family members

Ask **questions about their experiences** in school, at home and of the world around them

Reflect on learning experiences and try **ways to do something better**

**Persevere even when faced with challenges** and use these experiences as a teachable moment to share the importance of **building resilience** in life

# Parent-Child Conversation

After today's orientation, you can start talking to your child about the following:

**Try these conversation starters:**

Mummy had an enjoyable day at work today. Let's share which was the most enjoyable part of our day.

Let's both remember someone that we met today who did a kind deed for us?

I learnt something new at work today. I am sure you did too. Can we teach each other what we learnt?

# Holistic Development for Primary 1 Includes:

Prioritising the development of soft skills, including **values, social-emotional competencies and self-help skills**

Building strong foundations in **literacy and numeracy**

Focusing on **building learning dispositions for Lifelong Learning**, including curiosity, confidence and nurturing the joy of learning

# The Lower Primary Curriculum

- Let us not over-prepare our children to maintain a healthy curiosity in children to learn new things in school.
- Our teachers will continue to build on these different areas, through developmentally appropriate approaches, to strengthen our students' foundations and nurture active, curious learners.

# Building Strong Foundations and Learning Dispositions: How is it achieved?

**Play** is an essential feature that taps students' inquisitiveness and ignites a self-sustaining passion for learning.

Teachers **pace** teaching and adopt **developmentally appropriate, engaging pedagogies** to deepen learning.

**Differentiated support** for children with differing learning needs

**No examinations and weighted assessments at P1 and P2**

to provide more time and space to settle into a formal school setting, build relationships and develop the necessary skills and attitudes towards learning.

# The Lower Primary Curriculum in NAPS

- The lower primary curriculum nurtures students' joy of learning, builds on pre-school foundations, and promotes dispositions and attitudes for lifelong learning.

9 Jan : 12.30pm (Fri)

- Parents/Guardians who are picking your children/wards during school dismissal, are to wait for them outside Gate 4 or Gate 1.

# Attendance, Punctuality & Communication

## Attendance

- Daily attendance is **compulsory**.
- Consistent & regular attendance supports learning & routine.
- Submit MC for all absences (only 5 parents' letter allowed per semester).
- Inform Form Teacher early if child is absent.

## Punctuality

- Report by **7.30am**.
- Helps students settle and start the day smoothly.

## When child is unwell

- Keep child at home.
- Inform FT and submit reason of absence (MC or parents' letter).

## Communication Channels

- Student Handbook:**
  - Quick notes
- Email**
  - Specific matters
- Parents Gateway**
  - Official school updates

# Fostering Independence and Resilience

- Let your child manage forgotten items independently
- Encourage them to ask for help when needed
- Reinforce these values at home to support learning at school

# Learning in School and At Home

- **Homework Policy** is in place to guide parents on the extent of offline and occasional online homework that is given to the students.
- Homework helps teachers to assess students' understanding of their learning so that timely feedback can be given to support their learning.

- **Digital Tools** used by to support and complement classroom teaching and learning, e.g. Singapore Student Learning Space (SLS), Koobits, e-magazines for MTL

*SLS onboarding information will be shared with parents via PG announcement by school.*

## What is SLS?

Our national online learning portal with curriculum-aligned resources for students to learn at their own pace and collaboratively.

## How and when will P1 students use SLS?

Students will learn with technology progressively, with light use at P1 [after Term 1] in an age-appropriate manner.

SLS homework are occasionally used to reinforce learning.

# Parenting involved Fathering and Mothering

Dad and Mum Play Different Roles in Child's Development

## Dad

- More demanding, challenging
- Focused on helping kids handle the real world
- More physical & outdoors

## Mum

- More nurturing, protective
- More tuned to child's needs
- More indoors, clean & safe

# Fathers Involvement in Parenting Is Important

## Impact on our Children:

1. More cognitively competent
2. More emotionally resilient
3. More sociable
4. Less delinquent behaviours
